

**WE ARE**

**HIRING**

## Would you like to be part of our dynamic, global and growing team?

Climate Neutral Group is a leading international provider of carbon management and offsetting services. Since 2002 we have been partnering with brands, businesses, and organisations across all industries. We have been working with our clients to place carbon reduction ambitions at the heart of their operations for them to compete and prosper in a low-carbon world. Our organisation's culture is a unique blend of professionalism, focus on results and social involvement. The Climate Neutral Group team consists of professionals with a passion for sustainability.

To further expand our carbon management services in South Africa, we are currently looking to recruit a highly motivated and dedicated.

### **CARBON ADVISOR, CARBON TAX (100%)**

based in Cape Town or Johannesburg, South Africa

#### **Main purpose of the position**

As part of the South African Carbon Advisory team, you will focus on the delivery of high-quality consultancy advice on climate change mitigation solutions to the South African corporate sector (in particular GHG accounting, mandatory GHG reporting & carbon tax calculations). You will also lead the development of proposals and participate in business development activities, creation of new services and carbon offset development support. This is a fast growing and dynamic business area with global market potential.

## TASKS & RESPONSIBILITIES

- Implement and project manage GHG accounting & management assignments for South African clients, with a particular focus on carbon tax
- Plan consulting assignments with necessary know-how and skill set to ensure the most efficient and highest quality implementation
- Develop proposals with the responsible key account managers and senior consulting staff
- Interact with and build relationships with clients and manage the delivery of corporate consulting assignments on corporate climate risks and opportunities
- Support senior consulting staff and our Management team with business development in the corporate sector
- Support senior consulting staff and Management team to further develop thought leadership, carbon services and marketing materials to develop further our corporate offerings
- Interact closely with our international internal team of consultants / carbon advisors
- Topics of engagement will primarily focus on: GHG accounting, mandatory GHG reporting, and carbon tax assessment
- Other topics of engagement may include: climate change mitigation, Science Based Targets (SBTs), risk assessment and TCFD, CDP, energy efficiency, Life Cycle Analysis (LCA), Sustainable Development Goals (SDGs) and renewable energy strategy

## YOUR PROFILE:

- A university degree, ideally in Environmental Sciences, Environmental Engineering, Energy Engineering, Economics or sustainability-related disciplines
- At least 5 years of relevant work experience in the corporate sector, at least partly in corporate consulting in South Africa
- Sound understanding of environmental sustainability / climate change challenges in multinational companies
- Specific experience and knowledge in:
  - o Carbon tax, mandatory GHG reporting and GHG accounting (essential)
  - o Carbon offsetting
  - o Sustainability and corporate risk management
  - o Identification and development of climate change solutions
- Commercial skills, good business sense & target driven; able to identify and seize opportunities in a challenging and competitive market environment
- Sound knowledge of the climate change issues & policies (domestic & international)
- Practical experience in sustainability strategy, GHG management, adaptation and/or change management is desirable
- Proven knowledge and network in the relevant fields in South Africa
- Excellent oral and written skills in English
- South African citizen or holder of a valid work permit

## We offer

- Work in a dynamic and growing global profit for purpose company with a real commitment to sustainability and fighting climate change
- Excellent team spirit, work within a large and international team of sustainability passionate professionals
- The opportunity to work with a culturally diverse team based around the world
- Competitive remuneration package

## Please apply

If you are interested in joining a young and international team looking to make a difference to the world we would be happy to hear from you! Please send your cover letter and CV to [recruitment@climateneutralgroup.com](mailto:recruitment@climateneutralgroup.com).

Kindly highlight in your cover letter and/or CV where and when you have worked on carbon tax advisory or GHG accounting for corporate clients.

Start date: immediately or upon agreement
